

# Opening Ceremony of the Historical Site Adlerwerke

25 March 2022

## Greeting note by Jakub Wawrzyniak

### Consul General of the Republic of Poland in Cologne

It is a matter very close to my heart and therefore I am very pleased, that after so many years the memorial and educational site of the historic location KZ-Katzbach Adlerwerke will now be opened.

This is not only important for civil society, for the citizens of Frankfurt am Main, but it is also very important for the family members of the many victims and it is even more important for the remembrance of the people, who lost their lives here. They were many, among them nearly 1.500 of my compatriots. Humans, who were chased to this place after the Warsaw Uprising and worked to death here.

Together we will commemorate their history, so that at this memorial site, at this historic site, that here in the KZ Katzbach Adlerwerke we will remember, what has happened and should never happen again.
